

## Individualized Education Tracker (Team 10)

Bisher Anadani (CS), Johnathon Bliss (CS), Kaiser Mittenburg (CS), Kevin Ray (CS), Vivek Tallavajhala (CS)

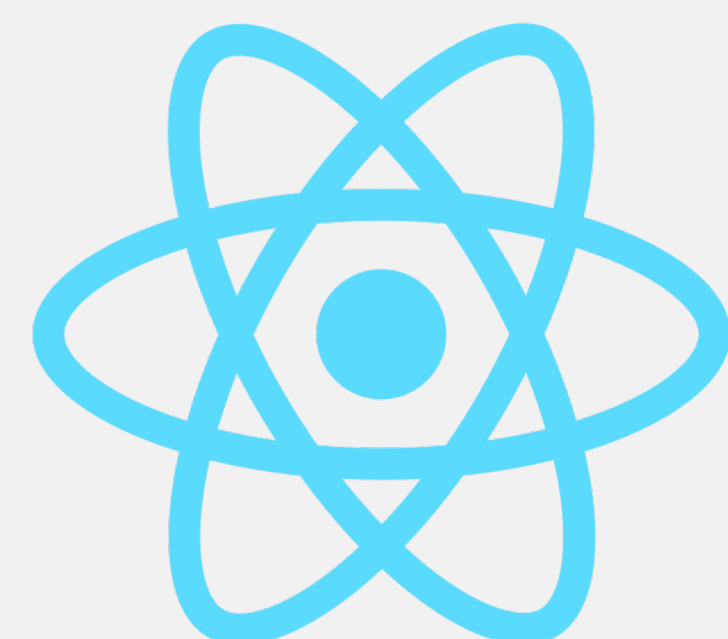

### Description & Purpose

- **Description:** Our project is a web-based single page application to track student Individual Education Plan data.
- **Purpose:** This product allows educators to convert the paper-driven data acquisition to a digital format.

### Web App Design

- Front-end: Designed using **ReactJS**
- Database: **Firestore**
- Hosting: **Amazon Web Services**
- Server: **NodeJS**

### Ethical & Intellectual Property Issues

- **2 CFR § 200.79:** Responsibility to maintain informational integrity in regards to personally identifiable information
- **FERPA:** Family Educational Rights and Privacy Act
