Homework 3

Assigned Mar 4th, Due Mar 23\textsuperscript{rd} at 3:00pm (total 100 pts)

1. (25 pts) Exercise 5.1 1, 3, 7, 9, 11.

2. (50 pts) Complete the Lab session 1 (which will be held in March 9\textsuperscript{th}), if you do not get time to complete it during the lab session.

3. (25 pts) Identify your team member and decide on your final project topic.
   
   a. If you pickup project 1, you need (i) write down your partner’s name and (ii) complete the ER diagram for the project.
   
   b. If you pickup project 2, you need (i) write down your partner’s name, (ii) decide your topic (1 or 2), and schedule a meeting with me in the week of March 23rd-27\textsuperscript{th} to discuss your project.
   
   c. If you decide to propose your own project, please make an appointment with me either this week or next week.

For Item 1, you have to develop your own solution. For 2 and 3, you and your partner only need to turn in one copy. In the copy, write down your name and your partner’s name. You and your partner will receive exactly the same score.
